

About American Lease Insurance (ALI)

American Lease Insurance provides property and liability insurance and insurance tracking services to equipment leasing and finance companies. ALI programs ensure comprehensive coverage on each eligible lease or finance agreement from origination to termination.

Underwritten by “A” rated insurance carriers, ALI programs provide “special form” protection against fire, flood, windstorm, power surge, accidental damage, and theft. They ensure customer satisfaction with affordable premiums, responsive customer service, and fast claims settlement.

ALI’s customer service representatives assist customers and their insurance agents via phone, fax, mail and e-mail with questions regarding coverage. An accelerated claims submission protocol speeds the claims process. ALI works fast to replace covered equipment after a loss—within days of the completed claim submittal.

ALI’s president, **Steve Dinkelaker**, is a licensed insurance producer who founded the first insurance agency to provide lease insurance to the equipment leasing industry in the 1980s. Today, ALI is proving its value to equipment leasing and finance companies and their customers with the highest acceptance rates in the industry.
